

THREE ROOMS IN NEW DOG POUND

Las Cruces Builds Strong House to Prevent Seized Dogs Being Released.

Las Cruces, N. M., Nov. 12.—Las Cruces has a new dog pound with three compartments that can be made secure. The first compartment of 19 dogs was placed in it yesterday. The city ordered the construction of the new pound to prevent the turning loose of dogs caught by the catcher, Ramon Navarez. Heretofore boys at night would frequently open the old pound and release all the dogs at night.

Mrs. J. H. Eigher, of El Paso, visited Mrs. L. K. Edwards in Las Cruces. Last night was the coldest night of the season.

J. D. Gilmore, of El Paso, was in Las Cruces yesterday.

G. O. Goff, of El Paso, was in Las Cruces yesterday.

URIC ACID SOLVENT

50 Cent Bottle (32 Doses) FREE

Just because you start the day worried and tired, stiff legs and arms and muscles, an aching head, burning and itching down pains in the back—work out before the day begins—do not think you have to stay in that condition.

Be strong, well and vigorous, with no more pains from stiff joints, sore muscles, rheumatic suffering, aching back or kidney disease.

For any form of bladder trouble or weakness, its action is really wonderful. Those sufferers who are in and out of bed half a dozen times a night will appreciate the rest, comfort and strength this treatment gives.

To prove The Williams Treatment conquers kidney and bladder diseases, rheumatism and all uric acid troubles, no matter how chronic or stubborn, if you have never tried The Williams Treatment, we will give you 50c bottle (32 doses) free if you will cut out this notice and send it with your name and address, with 10c to help pay distribution expenses, to The Dr. D. A. Williams Company, Dept. 206, New York City, East Hampton, Conn. Send at once and you will receive by parcel post a regular 50c bottle, without charge and without incurring any obligations.

SOCIALISTS ARE HIGHLY PRAISED

Y. M. C. A. Speaker Says Socialistic Methods Worthy of Consideration.

"We hear much today about the socialist and socialism but, from some personal observation and experience, I am frank to say that these problems and methods are well worthy the consideration and study of men interested in Christian work," said A. R. Richardson, of Bisbee, Ariz., at the opening session of the interstate Y. M. C. A. convention which met in the First Christian church. There were 50 delegates present at the opening session.

FRED S. GOODMAN.

H. M. Blair, general secretary at Phoenix, led the devotional service.

"The earnestness manifested on the part of the socialists and the persistence in their efforts are commendable and many of their plans are worthy of our emulation," continued Mr. Richardson. "In one middle western city there are 300 men who are pledged to get up

A LONG RANGE FRENCH GUN

LONG RANGE FRENCH GUN.

Here is one of the French 120 millimeter long range pieces which has been pounding the German positions in the Champagne district for almost a month. Since the recent French advance these guns have been throwing their shells into the German position in the hope of locating a weak spot through which further advance can be made.

at five o'clock for the purpose of placing socialist literature in the Sunday morning newspapers found upon the front porches. The socialists have established training schools for the training and equipment of socialist agitators, and their methods are to be observed with interest rather than ignored.

Good Word for Foreigner.

Mr. Richardson spoke a good word for the foreigner, saying that most Y. M. C. A. men and social workers looked upon the foreigner as an abstruse question and something happening in Europe, when in reality he is at our door and now and then in our kitchen. "In this southwest section of our country," continued the speaker, "conditions are different and the type of men different from the eastern or near eastern. They are not the type who are tied by the tape of tradition, but are men who look facts squarely in the face and are big enough and broad enough to be guided by common sense. The very freedom of our life and thought may present serious problems for the Christian worker."

Advertising Religious Work.

"Advertising principles which apply to great business enterprises may be just as effectively applied in advertising our religious work. It is simply another method of spreading the gospel of good cheer in the lives of many who might not in any other way be reached."

Sex Problems.

"It has been found of value in many places to organize small groups for round table discussions of life problems, the choice of a life work, friendship, social amusements, health and sex matters. While some of our more orthodox brethren might not label these subjects 'religious' I do. Surely the moral life of the community in which we live is worthy of our consideration."

S. L. Frasier, secretary of the Y. M. C. A. at Douglas, Ariz., discussed "Bible Study" in the round table period that followed. H. B. Durkee of the El Paso association, "Church Cooperation," and E. M. Blair, of Phoenix, Ariz., "Evangelism."

Seven Day Religion.

In Fred S. Goodman's religious discussion he reminded his auditors there is a difference between a congregation and a church; that there is a change in church standards and more emphasis is being placed on what happened during the six days than on Sunday. He held to the idea that no man can make sacrifice for a principle but that he is a bigger man and a more useful man.

Luncheon for Goodman.

Upon the conclusion of the morning session the body of delegates adjourned to Hotel Sheldon where a luncheon was held in honor of Mr. Goodman. The program at the afternoon session was begun at 2 o'clock, with S. F. Frasier, leading in the devotional services. Mr. Goodman again spoke upon a religious theme and L. Worcester of Chihuahua told of practical methods of work with Mexicans. At 7:30 the convention met again at the First Christian church, to hear addresses by Gale Seamon of Los Angeles upon "Boys Work," and C. R. Towson of New York, upon "The Industrial Worker." The student section also convened at the Y. M. C. A. building at 8 o'clock.

International Secretaries Here.

The international secretaries, who will be the principal speakers at the Tri-State convention of the Y. M. C. A. workers, arrived in El Paso Thursday afternoon. They are Fred S. Goodman, New York City; A. R. Richardson, St. Louis, Mo.; G. S. Bilheimer, Denver, Colo.; C. H. Towson, New York City; J. M. Murray, Chihuahua, Mex.; W. H. Day, Albuquerque.

Among the student delegates to register are C. A. Lockwood, Madrid, N. M.; Karl Ruppert, Benjamin McClure and E. Kliney, Tucson, Ariz.; Harry M. Blair, Johnson McAfee, Thomas Ely, James Smith, Calvin Achevav and Herber Verapitch, Phoenix, Ariz.; T. M. Sand, George Barber, G. L. Butler, Edward E. King, Albuquerque, N. M.; Arthur Scotman and A. R. Richardson, Bisbee, Ariz.; S. F. Frasier, Douglas, Ariz.; E. N. Whittaker, Douglas, Ariz.; James Donaldson and J. B. Bruce, Miami, Ariz. The secretaries are making their headquarters at the Paso del Norte. A large number of the students are established at the Y. M. C. A. building.

Interstate Secretary Comes.

W. H. Day, who is interstate secretary for Texas, New Mexico and Arizona, states that the work which since the Tucson convention has been on foot time, may be made whole time, and that he looks for unusual Y. M. C. A. work and development in the mining, cattle and railroad construction work. "We are making fine progress with our new

A. G. Durkee Fred C. Jones
A. G. Foster W. Q. Piles
Rev. Kenneth Brown A. S. Howard
Rev. C. L. Overstreet Rev. P. J. Rice
John Murray, Chihuahua, Mex.
Fred S. Goodman, New York.

TO CONSIDER PRESIDIO COUNTY APPLICATIONS

Austin, Texas, Nov. 12.—On December 1 is the state board of water engineers will give a hearing on two applications from Presidio county for permits for the diversion of water for irrigation purposes. The application of the Brice Irrigation works, for a permit to construct a reservoir with a capacity of 9,118,600 cubic feet and an auxiliary reservoir with a capacity of 1,619,900 cubic feet for the diversion of water for the irrigation of 580 acres and also for stock purposes, will be the first considered. The other is that of the White Elephant irrigation project, for a permit to construct a reservoir with a capacity of 2,325,660 cubic feet for the irrigation of 200 acres of land, also for stock purposes.

CATTLEMAN CLAIMS INSPECTION LAW DOES NOT APPLY TO MEXICO

George Holmes has been granted a temporary restraining order by Judge P. R. Price to prevent William Harrell, hide inspector for the country, from sequestering a herd of cattle belonging to Holmes, which Harrell claims was illegally imported because the animals were not inspected. Attorneys for Holmes insist that the state inspection law does not apply to international shipments and also contends that the law is unconstitutional. The hearing will be held Monday for final settlement of the case.

Parents Should Know this Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity.

It is important that parents should know of a dependable remedy with no unpleasant after effect, griping or strain. Dr. Caldwell's Syrup Pepsin costs only 50 cents a bottle, and can be procured at any drug store. To

CARRANZA DECLARES VILLA BORDER PORTS CLOSED

Carranza consul Andres Garcia in El Paso Friday morning dispatched letters to the various railroad heads here, notifying them of the recent government of Mexico announces that all customs ports on the Mexico-Laredo and Laredo-Aguila lines are closed against all business of an export or import nature. Railroads are warned that the revolutionized government of Mexico will take steps to collect for violations of this order, that no cars be shipped across into northern Mexico except through authorized ports opened by the Carranza de facto authorities. The railroads are also warned against paying duties to any other than to government agents.

SULLIVAN WORKING FOR PECOS VALLEY IRRIGATION PROJECTS

Vernon L. Sullivan, former territorial engineer of New Mexico, and present chief engineer of the Fort Stockton Irrigated Lands Co., was in El Paso today consulting various El Pasoans relative to steps advisable to be taken in inducing the United States reclamation service to take over the various irrigation projects in the Pecos valley. At present there are a dozen separate enterprises to be combined into one of them and erect a dam just north of the New Mexico line to store water sufficient to irrigate all the land now under cultivation or possessing rights to water.

JAPANESE MERCHANTS' ROOM BORDERED OF SUITS AND OVERCOATS

P. K. Mori's room at 314 South El Paso street was entered Thursday night and an overcoat, four suits of clothes, a pair of trousers and a fountain pen were taken. Mori is a Japanese merchant.

INVITATION TO ALL ADVERTISERS

OFFICIAL reports of the Audit Bureau of Circulations upon the circulation of The Herald, the Times (English edition), and the Times (Spanish edition) are now at hand and may be inspected at The Herald office by any advertiser who is INTERESTED IN KNOWING WHETHER HE IS OR IS NOT GETTING THE CIRCULATION THAT HE PAYS FOR, and that is guaranteed to him in his written contract. These complete official reports are not the ex parte statements of one paper or the other, but the formal findings of the great national standard authority on newspaper circulations, having headquarters in Chicago; the reports were made public only after a most careful, searching, and impartial investigation of this field, conducted here, consuming nearly two months. The audit was made at the request of, and upon the insistence of, the Times, and was agreed to by The Herald, both papers being members of the Audit Bureau of Circulations. The reports are convincing, and should be read and studied in full by every advertiser who believes in giving, and demanding, "full weight and full measure."
